VIKAS KUMAR

ASPIRING JAVA FULLSTACK DEVELOPER

✉ officialvikas49@gmail.com | 📱 +91- 9170777678 | ○ GITHUB | </> LEETCODE | </> GEEKSFORGEEKS | in LINKEDIN

EDUCATION

Ambalika Institute Of Management And Technology,Lucknow,India   **2020 - 2024**
- Bachelor of Technology in Computer Science and Engineering   (expected)

Vivekanand Inter College,Unnao, India   **2018 - 2020**
- PCM (Class XII)

Vivekanand Inter College,Unnao, India   **2017 - 2018**
- (Class X)

WORK EXPERIENCE

@Bharat Intern | FullStack Web Development   **Aug'23-Present**

   I gained valuable hands-on experience in Full-Stack Development by successfully completing Two significant projects.
- The First project involved the creation of a **Content Management Tool**,While the Second focused on building a **Project Management Tool**.
- These experiences allowed me to develop a diverse skill set and a deeper understanding of full-stack development practices.

@CodSoft | Summer Intern | Web Developer   **Jul'23-Aug'23**

   During my internship, I systematically acquired the skills and knowledge required to excel in my projects, including:
- Developing a Landing page for a food ordering website using HTML and CSS.
- Crafting my Personal portfolio website utilizing HTML, CSS, JavaScript, and XML
- Engineering a Functional Calculator with HTML, CSS, and JavaScript.

SKILLS

C | **Java** | **Data Structure & Algorithms** | **HTML** | **CSS** | **JavaScript** | **MySQL**

TECHNOLOGIES/FRAMEWORK

Spring Boot | React.Js | Node.Js | Bootstrap | GitHub | Postman API | Git & Github

PROJECTS

User Panel CRUD FullStack ↗   **Aug'23-Present**
SPRING BOOT , REACT.JS , BOOTSTRAP , MYSQL , POSTMAN API
- **Frontend:** Used React and Bootstrap creating frontend.
- **Backend:** Used **Spring Boot** to create back-end.Used Postman to setup a REST API for creating the Database-to Allow users to create, Edit, View and Delete the Users.
- I will create a user registration panel and a user **Login page** using Spring Boot to add users to the Database.
- I have developed **CRUD APIs** for MySQL Database, allowing actions such as creating, updating, and retrieving data.

TO-DO-List ↗   **Aug'23**
REACT.JS
- In this Web application, you can add, remove, and clear items in a to-do list.
- It Utilizes **Browser Local Storage** to persist the list when refreshing the page, and allows for editing of previous items.

Personal Portfolio ↗   **Jul'23**

HTML,CSS,JAVASCRIPT,XML
- I've developed a personal portfolio website using HTML, CSS, and JavaScript.
- It includes a Project showcase,Resume Download,Experience,Education,Certifications,and a Contact section. Additionally, the website features a **Dark Mode** toggle and a smooth app **Scroller**, ensuring full responsiveness.
- You can access the Portfolio website Hosted on GitHub Pages.

ACADEMIC AND EXTRACURRICULAR ACHIEVEMENTS

- GFG-Weekly-Coding-Contest-117 Global Ranked **361** out of 20000+ Participants,Highest Score **98.75** out of **100**.
- LeetCode-Biweekly-Contest-109 Global Ranked **4049** out of 24000+ Participants.
- Attained a Contest with a highest rating of **1599** at LeetCode ↗
- Earned the prestigious LeetCode **100-Day** badge, a distinction achieved by only **3%** of LeetCode users, signifying unwavering dedication to solving problems consistently for over 100 days in 2023.

CERTIFICATIONS

- Learning **Java** on Linkedin,Certificate 📑.   **Aug'22**
- **PHP** and **MySQL** Training - IIT Bombay, Credential ID- 3051927H3Y,Certificate 📑.   **Nov'22**
- **C & CPP** Training Test - IIT Bombay, Credential ID- 3051927VWF,Certificate 📑.   **Mar'22**
- **Walmart Global Tech**. Advanced Software Engineering Virtual Experience Program Participant,Certificate 📑.   **Jul'23**
